

## Parents top 10

### **Past and Present Parents of MHT Students – Top 10 things about MHT**

- Sending our children to MHT School gives them the freedom and choice of praying anytime they want to.
- By sending our children to MHT School it gives them an atmosphere of Catholic tradition.
- MHT School emphasizes Catholic doctrine, prayer, and mass appreciation to our children and this is especially important in today's society.
- MHT School provides our children with the knowledge necessary to defend their faith.
- I like the fact that teachers can talk about our religion. Religion is part of our life, shouldn't we include it in all aspects of our life, not just during religion class and mass?
- I like the community involvement that the students experience (Veterans Lunch, prayer pals). They learn to be a part of a community and learn the importance of helping others.
- I like the family atmosphere at MHT.
- I like the expectations and "strict" grading scale at MHT. This provides students with excellent study skills that will be needed in high school and beyond. The high expectations teach students to strive and study, they have to do well to earn a good grade. These things hold the kids to a higher standard, and these days that is a very good thing.
- I like the fact that when there are problems (teasing etc) school staff incorporates the Catholic faith into talking to the kids, discussing that it is a sin. The staff is able to relate our faith to the actions/decisions of the kids.
- I like the kids having religion class every day, attending mass once a week, praying in school every day. In the world today our kids need to have these principles instilled in them.
- I like the availability of MHT staff and teachers. They are always available and willing to address issues (good and bad). Along with this is the positive reinforcement and rewards the students get. The kudos notes from Ms. Schueller are wonderful.
- Sending my kids to MHT was the right decision and an excellent investment in our future. If given the choice, I'd do it again. When leaving MHT my kids will be better prepared for what lies ahead.....
- Having your adult kid's thank you for sending them to the Catholic School.
- Seeing your kids give back to the school and church with their time, talent and treasure.
- Having your kid's teach you something about our faith that you didn't already know.

- We like how well our children did in high school and college, thanks to all the staff at MHT.
- How much help our child with a learning disability got to help her catch up with her class.
- Attending and being able to participate in weekly mass.
- Praying the rosary as a group for special occasions throughout the year.
- 8th Grade retreat and trip to Chicago.
